PROFESSIONAL SUMMARY

Front-End Web Developer skilled in building responsive, accessible, and user-centered websites using HTML, CSS, and JavaScript. I write clean, maintainable code and turn design concepts into real, functional interfaces. Currently sharpening my JavaScript skills to create more dynamic, high-performance web experiences.

EXPERIENCE

Front-End Web Developer, Dot Campus Africa, Nigeria

Oct 2024 - Apr 2025

- Received hands-on mentorship and project-based training in front-end web development, with a focus on HTML, CSS, and JavaScript.
- Built interactive, responsive, and user-friendly websites through real-world front-end projects, demonstrating strong problem-solving and attention to usability.
- Collaborated with mentors and peers to apply best practices in clean coding, debugging, and version control using Git/GitHub, contributing to well-structured and maintainable codebases.

TECHNICAL SKILLS

Front-End Development: HTML, CSS, JavaScript, Responsive Web Design

Version Control & Deployment: Git, GitHub, Vercel

Debugging and Testing Tools: Chrome DevTools

PROJECTS

HelioCore

- Designed and developed a responsive solar energy brand website using HTML, CSS, and JavaScript. Implemented clear visual hierarchy and smooth section transitions to highlight services and build trust with visitors.

DibaGlow

- Designed and developed a modern, responsive wellness and medical spa website using HTML, CSS, and JavaScript. Blended calming visuals with clear service navigation to deliver a serene and user-friendly experience.

EDUCATION

Bachelor of Engineering, Metallurgical And Materials
Engineering, Nnamdi Azikiwe University Awka, Anambra
State, Nigeria

Nov 2011 - Nov 2019
